Chirp Alert
Chirp Alert is a mobile app that allows users to search for bird calls heard in their area, match calls to those heard in the wild, and "tweet" about the birds they heard via Twitter. This one-week group project was completed at the end of the third quarter of the Galvanize program.

- Technologies: React Native, Node.js, Express, MongoDB, Monk, Heroku.
- Video demo

Trail Mix
Trail Mix is a full-stack web-application designed for mobile use that lets outdoor enthusiasts access important information about their planned adventures before hitting the trail. This group project was completed in four days in the second quarter of the Galvanize program.

- Technologies: Javascript, Node.js, Express, PostgreSQL/Knex, SASS , Handlebars, Heroku.
- Video demo

Stacked
Stacked is a front-end only application that allows users to search for a book, select a title to add to their "stack" , and mark books as read or unread. This solo project was completed at the end of the first quarter of the Galvanize program over the course of four days.

- Technologies: Javascript, jQuery, HTML, Bootstrap, CSS, Gulp, Firebase.
- Video demo

Tri Reddit Clone
Tri Reddit is a front-end experiment that uses Angular JS to clone the functionality of a Reddit-style news feed that supports images, posts, commenting, voting and filtering.

- Technologies: Javascript, AngularJS, Bootstrap, Heroku.

» education

Galvanize - Denver, Platte
2016
A six-month immersive program rooted in Node, Express, Angular and PostgreSQL and emphasizing fluency in Javascript. The program focuses on the mastery of computer science fundamentals necessary for developing web applications throughout the full stack.

» experience

Special Counsel
Contract Attorney   2009 to 2009
Conducted electronic document review, coding for privilege and relevance, for large litigation firm.

Jennifer Bennett Law
Attorney   2005 to 2009
Counseled clients on a variety of estate planning matters, including the drafting and execution of simple wills, trusts, advanced medical directives and durable powers of attorney.

Keller and Heckman LLP
Associate Attorney - Food and Drug Law   1999 to 2002
Represented clients in regulatory and policy matters before the US Food and Drug Administration, US Department of Agriculture, US Environmental Protection Agency, US Customs Service, the Codex Alimentarius Commission and the World Health Organization.

» about me

I am a regulatory attorney making the transition into full stack web development - and I love it!

Now I am looking to put my skills to use in a collaborative environment that fosters growth and where the quality of the code I write matters.
